DETAILED ACTION

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file. Priority document 198 55 894.5 has been received.
2. Acknowledgment is made of applicant's claim for foreign priority based German documents 198 05 719.9 and 198 06 848.4. It is noted, however, that applicant has not filed a certified copy of these documents as required by 35 U.S.C. 119(b).

Election/Restrictions

3. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-4, drawn to a catalyst array.

Group II, claim(s) 5-13, drawn to a process for preparing an array.

Group III, claim(s) 14-20, drawn to a process for determining the activity, selectivity and/or stability of a catalyst in an array.

4. The inventions listed as Groups I, II and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Groups I and III lack the process steps for the preparation of a catalyst array which are the special technical feature of Group II; and Groups I and II lack the analysis steps which are the special technical feature of Group III.

5. If applicant were to elect Group II, the claim 5 should be rewritten in independent form.

Art Unit: 1764

6. If applicant were to elect Group III, the claim 14 should be rewritten in independent form.
7. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
